

**Central Pollution Control Board
Environmental Training Unit**

F.No. B-13011/ETU-Main/ETU/2004/

Dated: 09.03.2016

376

CIRCULAR

The Environmental Training Unit (ETU) has been organizing training programmes for officials of CPCB, SPCBs, PCCs and other Government Organizations engaged in prevention, control or abatement of pollution. ETU is in the process of finalizing the training calendar for the financial year 2016-17. With the growing environmental concerns and to meet the challenges ahead, there is a need to reorient the training requirements. It is, therefore, requested that areas/specific field/requiring capacity building be specified alongwith area/topic presently not covered according to the functional requirements and technological advancement.

For finalization of the training calendar for the year 2016-17, it is requested that details such as modules/course content, duration (3 or 5 days), practical & theoretical session, field visits, hands-on-training as required be provided alongwith the names of reputed training institutes having capacity to organize the training programmes on the related topics alongwith other details be forwarded to Shri N. Sethuramalingam, Administration Officer, Environmental Training Unit through **Fax: 011-22300070** or **E-mail: sethuraman.cpcb@nic.in/sethuraman.lingam@gmail.com** by **21.03.2016** positively.

Timely submission of information will help in finalizing the training calendar for 2016-17 at the earliest.

N. Sethuramalingam
