Meeting held on 23<sup>rd</sup> November 2009**

**CENTRAL POLLUTION CONTROL BOARD**

**HAZARDOUS WASTE MANAGEMENT DIVISION**  
**MINUTES OF THE 40<sup>th</sup> MEETING OF THE REGISTRATION COMMITTEE**  
Held At CPCB on November 23<sup>rd</sup> November 2009

Sh. R.K. Garg, Chairman of the Committee welcomed the participants

Applications for registration were considered and recommendations were made as per the attached Annexure – A

The following points were recommended by the Committee:

1. Inspection reports on E-Waste units have to be comprehensive covering aspects like sources, type of E-Waste with quantity along with break up, fate of each component, CRT cutter & phosphor removal details. Zonal Offices should be informed accordingly. The units, which have been given registration already, should also be asked to submit these details. All hazardous components necessarily to be sent only to registered recyclers
2. The front and funnel glass handling units like Samtel, Videocon etc must seek registration from CPCB
3. CPCB needs to write to all SPCBs to ensure that only those E-Waste recyclers are allowed to receive E-Waste which have registration from CPCB as per HW (M, H & TM) Rules 2008
4. The committee stressed the need to carry out surprise inspection by CPCB of a few registered recyclers on random basis so as to ensure that units operate and maintain the E.S.M. facility consistently.
5. On being informed that registered recyclers of used/waste oil have been asked to submit details on procurement, processing etc. The Committee desired that the other category of recyclers should also be asked to provide the same information and in case recyclers do not respond, action should be initiated for cancellation of registration after giving proper notice.
6. All the Lead Acid Battery Plates/Lead Scrap recyclers shall install alkaline scrubbers within six month w.e.f placement of these Minute on the web site of CPCB. Additionally, CPCB should monitor SO<sub>2</sub> emission in few recycling units. SO<sub>2</sub> levels shall be monitored in few units having alkaline scrubber
7. Dr. Saroj from MoEF requested CPCB to conduct at least four regional workshops within the next 4-5 months, wherein participation of concerned SPCBs/PCCs and CPCB Delhi/Z.O. be ensured. First such workshop in the series can be arranged at Mumbai on 23<sup>rd</sup> /24<sup>th</sup> December, 2009

8. A workshop will be organized by CPCB on 23<sup>rd</sup> /24<sup>th</sup> December, 2009 at Mumbai inviting Association of Oil Refiners, CPCBs Zonal Offices (Central & Western Zone) and the SPCBs/PCCs of western & Central Region for dissemination of information and making them aware of the EST for recycling of Used/Waste Oil as well as for lead, non-ferrous metal and electronic waste.
9. The next registration Committee meeting will be held at Mumbai on 23<sup>rd</sup> /24<sup>th</sup> December, 2009.

List of participants are at annexure I

**The meeting ended with vote of thanks to the chair.**
