

NEW YEAR PLEDGE FOR ENVIRONMENTAL PROTECTION

Sankalp has pledged to save water since it is a precious environmental resource. His **New Year Pledge** is as follows:-

- **“W**hile brushing teeth, instead of running tap, I will make use of mug or glass;
- **W**hile taking bath, I will not let the shower run for long. Instead, I will wet down, keep the tap off, soap up and then rinse off;
- **W**hile watering plants, instead of running hose, I will make use of water can;
- **F**or washing floor, instead of running hose, I will use mop and bucket;
- **I** will make sure, water does not overflow from the overhead tank;
- **I** will collect rainwater and use it for gardening and recharge of groundwater;
- **I** will use a toilet flush which consumes less water;
- **I** will ask my father to save tap water while shaving and to make use of mug; and,
- **I** will also ask my father not to run hose while washing car and try to wash car with buckets of water.”

What is your pledge and how do you propose to fulfil it ?

Please do write to us alongwith your photograph and address.

We will compile all the **Pledges** and bring out a publication for you and for others who may be inspired by your **Pledges**.

Dilip Biswas
