

CENTRAL POLLUTION CONTROL BOARD

Parivesh Bhawan, East Arjun Nagar
Shahdara, Delhi – 110 032

NOTICE

CPCB intends to empanel Laboratories recognized under the Environment (Protection) Act, 1986 for calibrating the Real Time Emission/Effluent Monitoring Systems, installed by the Industries and Common facilities and also to check/compare the data generated by Real Time Monitoring Systems as specified at QAL-2, QAL-3 and AST quality assurance level of European Standards (EN 14181). The Real Time Monitoring Systems installed have to be calibrated at the specified frequency. Laboratories desirous of empanelment for quality assurance of Real Time Monitoring System should submit their details including their capacity to undertake such works or the time required by them for putting in place the system required for quality assurance. The criteria for empanelment of Laboratories and frequency of calibration are detailed on CPCB website www.cpcb.nic.in. The details should be submitted by e-mail: jskamyotra.cpcb@nic.in, to the Director, Central Pollution Control Board, Parivesh Bhawan, East Arjun Nagar, Delhi - 110 032. Laboratories willing for empanelment shall develop capacity in terms of infrastructure and human resources for taking up the task before empanelment.

The required information should reach this office within 15 days of the publication of this notice.
